

PRICING RESEARCH

AS SOON AS ONE LOGS IN, THE OPTIONS AVAILABLE SHOULD BE THE ONES IN THE SALE CATEGORY AND UPON CLICKING A PARTICULAR CATEGORY YOU ARE TAKEN TO THE VALUATION WINDOW FOR THE SAME.

- 1) Format as per the paintings valuations format (titled: new pricing research format all categories) all format as given to you. However, the same needs to have in-built calculator, and the facility to convert cms to inches, feet to inches, currency etc
- 2) While doing a new search/pricing if the artists name is already there it should come up and the researcher would just need to put up the new dimensions, medium etc
- 3) Printable format
- 4) combine the main database entry sheet and the pricing research fields
- 5) software to have the PE/VPE access on laptops etc that you said i.e. from identifiable computers only ..
- 6) to probably develop an ipad version later
- 7) check boxes to uncheck an entry or two or more in final weighted average, check boxes to choose the years or timeframes for which we need to get valuation
- 8) graphs, charts etc as suggested by you for analytical purposes
